

AM: Aviation 2 Aerospace Live. PM: The UK Automotive Expo and The High-Tech Manufacturing and Precision Engineering Expo

Aviation 2 Aerospace Live

| Times | Name | Topic |
|---------------|---|---|
| 9.55-10.00 | Chairman | Opening Remarks |
| 10.00 - 10.20 | Clive Lewis, Managing Partner The Difference | Opportunities in aerospace and how to reach them |
| 10.20 - 10.40 | Dr. Andreea Koreanschi, Lecturer in Aircraft Design and Aerodynamics, University of Salford, School of Computing, Science and Engineering | Morphing Technologies in Aerospace – Past, Present and Future |
| 10.40 -11.00 | Andy Spence - General Manager - Aerospace - SMMT Industry Forum Limited | The new aerospace standard for APQP and PPAP – making it work for your organisation |
| 11.00-11.30 | Coffee Break & Networking | |
| 11.30-11.50 | Michael Curtis Rouse - Lean Manufacturing Technologist , Satellite Applications Catapult | Building Better Rockets |
| 11.50- 12.10 | Stephen Ringler, Head of Future Business - Satellite Applications Catapult | UK space industry opportunities for advanced engineering |
| 12.10-12.30 | Alan Baldwin, Manager New Business Development, CargoLogic Management | Air Charter Services to the Aviation & Aerospace Industry |
| 12.30-12.50 | Adele Gammarano , Terminal Project Integrator, North Terminal - Gatwick Airport | 'A day in the life of a Terminal Manager' |
| 12.50-1.40 | Lunch Break & Networking | |
| 1.40-2.00 | Daniele Negro, Research Fellow, London South Bank University | |
| 2.00-2.20 | Frederic Contenot, Safety Consultant , Assystem | Aircraft Risk Assessment, How do we protect our aircrafts from external threats ? |

The UK Automotive Expo

| Times | Name | Topic |
|-------------|---|---|
| 2.20-2.40 | Navpreet Singh Bhinder , Jaguar Landrover | "A view to a Build" – Connected Supply Chain |
| 2.40-3.00 | David Brown, Head of Business Development , Applied Driving Techniques (Global Solutions) Ltd | Driver Risk Mitigation |
| 3.00-3.30 | Coffee Break & Networking | |
| 3.20 - 3.40 | Ramandeep Devgan , Lead NVH Engineer & Lead BB Jaguar | A novel way of NVH target setting and FMA using system engineering principles |
| 3.40 - 4.00 | "Neil Burrows , Managing Director , SATURN FIVE | NAVIGATING MARKET CHANGE - 'JOINING THE DOTS |

The High-Tech Manufacturing and Precision Engineering Expo

| Times | Name | Topic |
|-------------|---|---|
| 4.00 -4. 20 | Kevin M Ross, F4N Industrial Advisor , Nuclear AMRC | How the Fit 4 Nuclear Programme can help High Precision manufactures. |
| 4.20 -4.25 | Chairman | Closing Remarks |
